BOYS MEET DEATH IN ESCAPING HEAT

SONS OF P. E. HOLDER, A TEN-
ANT FARMER, DIE IN CREEK
NEAR DAVILLA

Davilla, Texas, July 5.—Three brothers were drowned while in swimming in Donahoe Creek four miles east of here at about two o'clock this afternoon. They were sons of P. E. Holder, a well known tenant farmer of this community. The boys were:

Elbert, 17.
Joe, 13.
Cail, 11 years old.

There were no eye witnesses to the tragedy. Mr. Holder and his sons were working in their field which bordered on the creek, when they sought relief from the heat by taking a swim. Mr. Holder had left the swimming hole first, telling his sons to dress and resume their work. When the boys failed to return within a reasonable time Mr. Holder became alarmed and investigated. He found their clothes on the bank but no trace of the boys. He immediately summoned his neighbors who helped him to search the swimming hole and the three bodies were found at the bottom.

Mr. and Mrs. Holder are the parents of nine children and have resided in this community for many years. P. F. Holder, grandfather of the drowned boys is one of the pioneer citizens of the community.

P. E. Holder lives on the L. M. Massey farm bordering Donahoe Creek.

Woman Is Found Floating In Tank

Hillsboro, July 4.—Mrs. Louise Lucko, 68 years old, who was found early this morning floating on the top of a tank at the Asaph Scheler farm, 3 miles west of Malone, will be sent to Milam county for burial, the Fote Undertaking company of Mertens announces. The body was sent to Marshall and Marshall Undertaking company of Hillsboro to be prepared for funeral services which are to be held about 9 o'clock Tuesday morning.

Mrs. Lucko resided with Scheler on the Winkler farm near Malone. Mrs. Lucko was in her room at mid-night, Scheler stated, but this morning he got up about 5 o'clock and she was gone. Scheler first went to his brother's, W. J. Scheler, but she was not there. On the bank of the tank, Scheler found her house shoes and then discovered her body floating on the water. It is said that she had been very despondent since the death of her husband six years ago. Several step-children survive. Justice of the Peace Berry Hubbard held an inquest.

Lions Elect Officers

At their weekly noonday luncheon held in the basement of the Methodist church Tuesday, the Lions Club elected the following officers for the ensuing year:

President, J. C. Martin; 1st vice-president, C. S. Peyton; 2nd vice-president, J. C. Young; secretary, Lee Tag; treasurer, F. B. Cable; Lion tamer, T. A. Fisher; tail twister, R. P. Jeter.

Gloria Louise Mosley

"Sleep on in thy beauty thou sweet
Angel child, by sorrow unblighted,
by sin undefiled,

Like a dove to the ark thou hast
flown
to thy rest,

From earth's sea of strife, to the land
of the blest."

After a short illness little Gloria Louise Mosley, infant daughter of Mr. and Mrs. Ernest Mosley, passed away Saturday afternoon, July 2, 1927.

Services were held at the residence Sunday afternoon at 3 o'clock and Rev. E. S. Hutcherson spoke comforting words to the bereaved family and friends whose hearts were left in sadness at the passing of this dear little girl. The little form was tenderly laid away in Oak Hill Cemetery in a tiny grave, covered with flowers sent by loved ones.

"Grieve not with hopeless sorrow,
Jesus has felt your pain;
He did thy babe but borrow.
He'll give her back again."

Cameron Boys Make Honor Roll at Texas

Among the 432 students given honors for high grades in Arts and Sciences at Texas University, appear the names of two Cameron boys, W. R. Avrett and Frank Mondrik.

The list of honor students has just been made public by Dean H. Y. Benedict of the College of Arts and Sciences of the University of Texas.

In constructing the honor roll, account was taken both of the grades made and the number of courses passed.

A large number of Cameron boys and girls have made the honor roll at the University and other Texas schools, and Cameron is very proud of this fine record.

Baggett Baffles Lions

Bob Terry's North Enders after winning the first half of the City League race, continue to show their superiority last Tuesday with a win over the Lions. The game was featured by the stellar pitching of Baggett, who heretofore did his hurling. The former is in Fort Worth and the latter is recuperating from a recent illness. North End, however, continues to win ball games, in spite of their absence from the mound. Baggett has won the last two starts, and did excellent relief work in the game of a week ago, although going in too late for a win. Tindall, who pitched for the Lions, was ineffective, being touched for twelve safeties during his six innings and giving way to Young in the seventh.

Enter Golf Tournament

The following members of the Cameron Country Club entered the July 4th golf tournament held at Lake Polk Country Club in Temple: S. A. Cottle, Reed Rogers, Hubert Hefley, O. M. Smith, Tom Henderson Jr., F. C. Fahrendorf and others.

A tournament is being planned to be held at the Cameron Country Club July 14.

Moody Returns From Good Will Trip

Austin, July 5.—Governor Dan Moody, his secretary and others of the good will party, who have been interpreting the new Texas to the North and East, returned to Austin early Tuesday, surfeited with long train rides, banquets and receptions, but with a sense of agreeable accomplishment.

Governor Moody was expected to make some official expression later as to what he thinks are the benefits of the trip.

The governor, who has been gone about two weeks, got back home pretty well done up by the hundreds of miles of traveling and took a rest at the mansion before coming down to the executive offices.

Leaving Tuesday noon, Governor Moody went to Houston, where the American Legion state convention is in progress. It is not known yet whether he will stay for opening of the State Bar Association convention Thursday.

"We had a very successful trip, I think," the governor said of the good will tour, "but I'm glad to get back home."

He was busy with a meeting of the state board of education shortly before departure.

At the regular meeting of the City Council Tuesday afternoon at 4 o'clock, Miss Aetna Smith and Mrs. W. A. Morrison consulted the council in regard to prices for lots in the new addition to the cemetery. The council took the matter under advisement and will report at an early date.

The Street Committee was empowered to place dips and culverts only where such is absolutely necessary in the city.

Elsewhere in this issue will be found notice to financial institutions of the city of Cameron for bids of rate of interest on city funds for the next twelve months.

Mr. and Mrs. Vernon Roberts visited her sister in Temple Sunday.

CAMERON BUSINESS AND PROFESSIONAL WOMEN GO TO BEN ARNOLD FOR BANQUET; OFFICERS ARE ELECTED

press reporter, Miss Delphya Scott, re-elected.

A standing entertainment committee. A delightful time was spent by the Business and Professional Women's Club in Ben Arnold last Tuesday evening when the ladies of that place served a delicious chicken supper with all accessories. The Ben Arnold ladies are noted for their generous hospitality and the evening was spent most pleasantly.

The members motored up and found the ladies ready and waiting and were ushered in and seated at a table covered with snowy white linen decorated with pretty home grown summer flowers placed in vases at intervals down the table, where plates were filled with good eats.

After the feast the president of the club, Miss Rose Rischer, called the meeting to order and put before the club such business as was needed for action. The nominating committee, previously appointed, gave their report on the names placed before the club for their next year's officers, who were unanimously elected. For the president, Miss Rose Rischer, re-elected; first vice president, Miss Willyne Hyde, re-elected; second vice president, Mrs. Kirby Boles, re-elected; secretary, Mrs. W. H. Stafford; treasurer, Miss Carrie Marek; corresponding secretary, Miss Lucille McClaren, re-elected; tee for the year was appointed as

follows: Chairman, Mrs. Perry Wilkerson, Misses Minnie Bartholomew, Bess Dunham, Mary Randolph, Imogene McClaren.

The club voted to send a letter of condolence to the Temple Business & Professional Women's Club on the recent death of one of their members, Miss Arline McDonald, a R. N. of Temple, who passed away the first of the week. Miss McDonald will be remembered by a number of club members as she visited the Cameron club the first of the year.

The club voted to send greetings to the State Annual Convention that is in session in San Antonio Thursday, Friday and Saturday of this week.

This was the last meeting for the summer until the 13th of September, the second Tuesday in the month, which will be the regular meeting night in the month.

Guests present beside club members were: Mrs. L. B. Nicholson and Mrs. Earle Isham.

Committee appointed on the September meeting, chairman, Miss Delphya Scott, assistants, Mrs. L. Bigbee, Mrs. B. E. McMillan, Mrs. Homer McLane and Miss Oleta Jackson.

A rising vote of thanks was given the Ben Arnold ladies for their splendid supper and the club wishes to thank the ladies of the past month's committee.

Post Office Gets New Cancelling Machine

Postal Inspector Harry G. Meyers of Washington has this week installed a new electric cancelling machine in the Cameron postoffice. This machine is known as the New International Electric Cancelling machine and cancels 490 letters per minute. This is the very latest cancelling machine and there are only a few of these machines in operation in the United States. This machine is even faster and more modern than any in the Dallas office and that office is the largest in Texas.

Mrs. Bessie Hefley, postmistress, is to be congratulated on getting this fine new machine which will enable the local office force to give better and more efficient service.

Miss Edna Lee Bell spent the week end at her home in Maysfield.

Palace of Sweets Install New Case

Mr. W. F. Sharpe of the Palace of Sweets has this week installed the latest and most modern cigar and cigarette cabinet. This is a beautiful piece of furniture and adds much to the appearance of this popular confectionery.

In continuance of the policy started the first of this year Mr. Sharpe has received a complete line of toilet articles and stationery. He has the agency for one of the best known brand of toilet articles and will appreciate the opportunity to show you his line.

Miss Nona Hubert is visiting friends in Austin and San Antonio this week.

Mrs. Perry Wilkerson spent the week end with her sister, Mrs. John Howard in Waco.

Seeing A Bit of Texas With the Editor

It is not often that the Editor gets away for a vacation but at this time he is seeing a bit of Texas and taking a much needed respite from the helm where steering has been hard. The paper is in capable hands these few days that I will be away.

Thinking some may be interested in the scenes I will visit with my family, I have determined to set down and pass on to you some impressions of the Texas so few people take time to see.

First of all I want to say that no place I have found in the non-stop drive up through the great Black Prairies of Central Texas to Dallas offers as good prospects for a bumper agricultural yield as Milam County. Crop conditions are better at home than in any place in the record yield counties. We left home Saturday, July 2. One is thrilled at the spectacle of rich territory in the great stretch of East Central Texas and the refreshing sight of growing things. The adverse comment is the observation that so much is invested in non-profitable cotton culture when energies might be directed to capitalizing of other vast and thrilling possibilities. Here we think of the matchless example of the Carolinas. People there have made the artful application of industry to their cotton fields and have enriched themselves by the spindle. The need of Texas is cotton mills and some day the people of my native state will encourage them in a big way. We boast much of our great natural resources, our oils and minerals and yet overlook the tremendous possibilities held in the staples of our cotton counties.

This is written in Dallas. I saw only one cotton mill on the way up. That one is at Itasca. They built this mill in the shadow of cotton blooms and its pleasing outline against the azure of the farm skies proclaims the progress of that community.

Dallas is a thriving city with nearly three hundred thousand souls. Its canyon walls are furrows of progress and bee hive industry. Dallas has 259 buildings from 5 to 29 stories; has 150 schools and 200 churches. Its growth is symbolic of all Texas. Here one finds the engaging thought of modern commerce expressed in terms of greatness. In this day of the modern skyscraper a city is among the elect when sunshine falls into her canyons only at high noon.

We found worship this Sabbath morning at the foot of the towers at First Baptist church where Truett has made Christianity a great and vital thing in the heart of a city. Truett is the world's greatest preacher. You have not seen Dallas until you have heard him.

Tomorrow we head out for the Peace of the Pathless Places in the West. It is 1000 miles from Dallas to El Paso. Not far in this day of automobiles but it will hardly be a non-stop flight. On the way out we will see an empire in rugged attire, as yet unspoiled by the smoke of factories or the shadow of towers. The lure of mountains and the haze of vast spaces excites my imagination for life and romance and glamor are still to be found in the blue eternal hills that catch up the sunlight like lace of tawny gold falling over the shoulders of the world.

Dan Moody is very popular here. Last night his picture flashed on the screen with Senator Royal S. Copeland of New York drew long and enthusiastic applause. This is the home of Barry Miller who may be our next governor after Moody.

The only things I can think of that are cheap are cotton and picture shows.

Should Yoe High Abolish Athletics

It is rumored that the school board is contemplating at its next meeting the complete abolishment of athletic contests from Yoe High School. The Herald sincerely hopes that it is merely a rumor, for such a step on the part of the board would undoubtedly be a grave mistake. The complete abolishment of any long established custom or institution is not warranted until it has been proved harmful or undesirable. Such cannot be said to be the case with Yoe High athletics.

Much has been said about the harmfulness of athletics in educational institutions today. Much of this talk comes from persons unacquainted with true conditions. It is often claimed that athletics are dominating schools and becoming more important than the real purpose of any educational institution—that of educating its students. There is little justification for such a statement. Six hours a day for five days a week is given over to education. This constitutes thirty hours per week. It is seldom that more than one athletic contest is held during a week, and such a contest last not more than two hours. Furthermore, the contest is held, except on rare occasions, after school hours, and thus does not interfere with the regular routine. Any practice in preparation for the games is done after school hours during time that belongs to the boys to do with as they like. Were they not holding these practice sessions they would be all likelihood be loafing on the streets.

We ask you frankly, which idea appeals to you most? Would you prefer your boy to be one of a clean-cut group of fellows on an athletic field preparing themselves for the coming game, or one of a crowd loitering about the streets? There is but one answer.

Athletics and the preparation for them are hard work. They fit a young fellow to do hard work off of the athletic field as well as on it. Such training is undoubtedly beneficial. Physical fitness is not the only benefit. Character is developed. Honesty and fair play are forever emphasized in coaching athletics today. No one has anything but scorn for one who does not play the game fairly and honestly as it should be played. Such ideals cannot help but be carried out into real life by the boys who practice them during their school days—the formative period of their lives.

The argument that athletics are a financial burden carries no weight whatsoever. If properly managed they will not only pay their own way but net a surplus to be used in other activities of the school. It is being done in countless other schools of Texas and it can be done in ours if we only wish it.

It is likewise said that athletics are harmful. In answer to this statement the writer replies that athletics are not harmful if they are properly managed and controlled. If Yoe High Athletics are harmful and dominate the school too much, it is the fault of the school officials and not the fault of athletics. No one can dispute the fact that if athletics had no place in a school, they would not be present in the leading educational institutions of the country today. Show us a school that does not foster athletics and we will show you a hundred bigger and better schools who do. Why do such schools allow athletics to remain if they are so harmful and unwarranted? The answer is that their athletics are properly managed and are thus entirely beneficial and justifiable.

It is the Herald's honest opinion that the solution of the problem facing the school board today in regard to Yoe High School athletics (if there is a problem), lies not in the complete abolishment of all athletics but in their proper curbing. A close study will no doubt reveal many defects which can be corrected.

We repeat, no long established custom deserves to be abolished until it is undesirable has been proved without doubt. This is not the case with Yoe High athletics. We rest our case.

Garage Burglarized At Gause July 2

On the night of July 2nd, the garage of Louis Bowling of Gause was burglarized at Gause and eleven automobile casings were stolen.

The sheriff was notified and six of the casings have been recovered. A Mexican is being held in connection with the burglary.

HUNDREDS ATTEND BIG BARBECUE AT WAYSIDE

LARGEST CROWD SINCE OPEN-
ING ATTEND BARBECUE
AT WAYSIDE INN

The largest crowd that has gathered in Cameron since the opening of Wayside and Riverside Tourist Parks attended the big free barbecue given by Messrs. Cammer and Balhorn, proprietors of Wayside in their beautiful park on Monday July 4th. This was the only celebration of any kind in Cameron for the day.

The crowd began to gather early in the day and many came and stayed all day. Mr. Cammer and Mr. Balhorn began serving the barbecue about five o'clock in the afternoon and served it until it was all gone. The crowd was estimated all the way from three to five thousand people and they ate over one thousand pounds of free barbecue. This is the first time that any individuals have given a free barbecue to the public and it was enjoyed by the many hundreds who came. This popular park is fast becoming the outing ground for the people of this section. There were picnic parties there from Caldwell, Hearne, Bryan, Brenham, Calvert, Marlin, Rogers, Temple and many other places in this section.

The crowd came for a good time and were not disappointed. Many of them stayed for the big dance at night. The original New Orleans Black Aces played for this one and they were at their best. The dance was also a record breaker. The attendance was the largest on record with the exception of the opening night.

The management of this popular park were surprised at the large crowd that they had and had not made preparations for quite so many but they are planning to make this a regular affair every July 4th and that the next time will find them prepared to give barbecue to everyone.

The management announces two dances for this week. Skipper Mayfield will play for the Friday night dance and J. D. Lewis will furnish the music on Saturday night.

Enjoying Vacation

John C. Young, manager of the Texas Power and Light Company, is enjoying a vacation this week. Mr. and Mrs. Young are spending their vacation in the beautiful Anderson Park at Lampasas. The Texas Power and Light Company maintain a modern equipped cottage for their employees use. Mr. Young drove back to Cameron for a few hours Wednesday and reports that they are having a most enjoyable time.

On A Vacation

Mr. and Mrs. J. B. White and children left last Saturday morning in their car for Dallas, where they spent several days before going to El Paso and other interesting points in West Texas. They plan to be gone about three weeks.

We will have to ask our friends and subscribers of the Cameron Herald to pardon our short comings for the next week or two, for we have a "struggle" when our "Boss" is out of town.

MILANO LEGION POST TO CELEBRATE 21ST

HON. CLAUDE POLLARD TO DELIVER PATRIOTIC ADDRESS FOR LEGION

Harry W. Beavers Post American Legion No. 415 at Milano will stage a free barbecue and patriotic celebration on July 21st with Hon. Claude Pollard, attorney general of Texas delivering the principal address.

The barbecue will be free. At night a big dance will close the program for the day. An admission charge will be made for the dance.

There will be baseball, goat roping and music as well as a number of other entertainment features to please the people.

The entertainment will take on the form of an old fashioned picnic and barbecue.

H. B. McClellen, adjutant of the post was in town last week to announce the entertainment.

BAPTIST CHURCH NEWS

ONE HUNDRED AND EIGHTY
EIGHT IN BIBLE SCHOOL

The fine start that was made last week in our Daily Vacation Bible School has held up splendidly and from day to day we have had new pupils enrolled in our school.

Opening Monday, the second Monday of the school, we have one hundred and eighty-eight on our roll. The faculty is working faithfully and doing a splendid work with this fine group of young people.

Some were hoping at the beginning that we would be able to enroll at least one hundred but the prospects now are that, by the time the school closes, we will have enrolled two hundred, and that is nothing short of success in every sense of the word. That is something new and the people are not acquainted with the value of this kind of work. But surely with the success we have attained this year we will have the same kind of a school next year and will look for a still larger enrollment.

HONOR ROLL

Don't forget that next week the messenger will carry the names of those who are on the Honor Roll in our church.

We are proud of the people who

make possible this church. Those whose names appear next week are the faithful people who contribute to the church as the weeks come and go. That is the way the scripture says for us to do it, and we are so happy to know that so many of our people are fitting in beautifully in this kind of a way.

VACATION

It will be well for everyone who is really interested in the life and work of this church to bear in mind that this is vacation season. Many people are gone on vacations. There is a great tendency when company comes to just stay at home or when the weather gets hot fail to attend church and Sunday School. We appeal to you that now is when you are needed most. Let us keep our Sunday School and church services of all kinds up to the standard. Let us try not to fall below 300 this summer.

If you are not on your vacation then be sure to help us. Others are on theirs. If you have people visiting you bring them on to Sunday School and let's keep our attendance up.

It will be well for you to remember that through these hot summer months the expense of the church goes on just

the same and we need to keep our finances up. If you leave your envelope out until fall the payment will be so much bigger than it is if you make it just week by week as the scriptures say. So let every one who is interested in the work of the church see to it that the vacation season does not hurt the church.

ANNOUNCEMENT

We have been rather irregular now for a number of weeks in all of our services, but we are back in the regular way again and let every one find his place in every service he belongs in. Prayer Meeting, Wednesday evening at 8:00 o'clock. Choir rehearsal at 9:00. Officers' and Teachers' meeting Thursday evening at 8:00. Closing exercises of the Vacation Bible School Friday evening at 8:00. Sunday School at 9:45, this is on next Sunday. Preaching at 11:00. B. Y. P. U. at 7:00. Preaching at 8:00. The W. M. S. will meet next Monday afternoon at 4:00 o'clock at the church for the regular business meeting.

PROGRAM FRIDAY NIGHT

The public is invited to the program that is to be given Friday night by the children who have attended the Vacation Bible School. We would like to have every one who wishes to come, but especially do we appeal to the parents of the children who have come for these two weeks, studied the Bible,

heard Bible stories and joined in various exercises of interest to boys and girls, suited to their ages.

This program will begin at 8:00 o'clock and after the program in the auditorium, the parents will have the opportunity of seeing the work done in the various departments.

At this service there will be a free will offering taken to pay for the material that has been used in this school.

THE B. Y. P. U. LIBRARY

The B. Y. P. U. recently decided to get a library for their work. They are setting about their task now of securing books. Proper arrangement will be made to take care of the books and before long the people will be asked to give a book shower for the B. Y. P. U.

In this book shower there will be a committee who will censor the books and receive only such books as will be useable in our church work.

We are glad that the B. Y. P. U. is going in for this plan and hope that they will build a good library.

The B. Y. P. U. work in the First Baptist Church, Cameron, has never been what it ought to be. Somehow the older people have never seen the value of B. Y. P. U. work and have never given it their endorsement. No body says a word against the B. Y. P. U. but they just let it alone, which is equal to denying its value. We hope that in this plan our young people will have the heartiest co-operation of the older until they have built a good library for church use.

"Who learns and learns

Yet does not what he knows

Is one who plows and plows

Yet never sows.

And when he was come near, he beheld the city, and wept over it, saying, "If thou hadst known, even thou, at least in this thy day, the things which belong unto thy peace, but now they are hid from thine eyes.

For the days shall come upon thee, that thine enemies shall cast a trench about thee, and compass thee round, and keep thee in on every side.

And shall lay thee even with the ground, and thy children within thee; and they shall not leave in thee one stone upon another; because thou knewest not the time of thy visitation. Luke 19: 41-45.

He spake also this parable: A certain man had a fig tree planted in his vineyard; and he came and sought fruit thereon, and found none.

Then said he unto the dresser of his vineyard, "Behold, these three years I come seeking fruit on this fig tree and find none, cut it down, why cumbereth it the ground?"

And he answering said unto him, "Lord, let it alone this year also, till I shall dig about it, and dung it:

And if it bear fruit, well: and if not, then after that thou shalt cut it down." Luke 13: 6-10.

THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding of Milam State of Texas, and you the date of the notice in the County shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

Notice of Application For Letters Estates of Decedents

The State of Texas

To all persons interested in the estate of W. F. Whitaker deceased.

E. M. Whitaker has filed in the County Court of Milam County, an application for the probate of the last will and testament of W. F. Whitaker, deceased, and for letters testamentary to be issued to applicant as executrix of said last will and testament which will be heard at the next Term of Court, commencing the first Monday in August A. D. 1927, same being first day of August, A. D. 1927, at the Court House thereof, in the city of Cameron at which time all persons interested in said Estate may appear and contest said application should they desire to do so.

Herein fail not, but have you then and there before said court this writ, with your return thereon endorsed showing how you have executed the same.

Given under my hand and the seal of said Court, at Cameron, Texas, this 24th day of June A. D. 1927.

LILIAN ATKINSON,
Clerk, Co. Court, Milam Co., Tex.

SCHILLER DRUG STORE

Maexchen, a pet stork of a circus in Germany, disliking the roar of some lions, attacked fourteen of them in the arena and drove them panic-stricken to their cages.

Owing to the law that demands that marriages take place within the sovereign area of the marriage bureau, the first marriage in an airplane in Germany will be performed while the machine hovers over the city hall.

The air ministry of Italy has forbidden officers of the Royal Air Force to marry until they are thirty.

If Back Hurts
Flush Kidneys

Eat less meat, also take glass of Salts before breakfast occasionally.

Too much meat may form uric acid, which excites the kidneys; they become overworked; get sluggish, ache and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region; you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Drink lots of water; also get from any pharmacist four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to help neutralize the acids in urine, so it no longer is a source of irritation, thus often ending bladder weakness.

Jad Salts is inexpensive, can not injure; makes a delightful effervescent lithia water drink which everyone should take now and then to help keep the kidneys clean and active. Drug-gists here say they sell lots of Jad Salts to folks who believe in correcting kidney trouble while it is only trouble.

When a Turkish census is to be taken, the order is, "Stand still and be counted." Every person must remain at home for twenty-four hours, all means of transportation is at a standstill, telephones and telegraphs are idle, and markets and stores are closed.

There are 50,000 lepers in Mexico, according to Dr. Enrique Osornio.

The Academic of Diplomats, composed of well known diplomats from sixty-four nations, has been established in Paris to aid in the settlement of world problems.

The Wiggins farm near Stratham, New Hampshire, has been in the Wiggins family since the King's Grant in 1631. Since then the home has been handed from father to son without warranty deed.

HIGH SCHOOL GRADUATES
EMPLOYERS WANT YOU NOW

Almost two million young men and women will graduate within the next few weeks.

Most of them expect to become self-supporting. More than half will seek employment. These million young people will be "competitors" of YOURS.

But of all these "competitors," YOU, as a high school graduate, will have the advantages IF.....

YOU MAKE THE MOST OF YOUR OPPORTUNITIES

Business men show a preference and appreciate the ADAPTABILITY of high school students. They realize the value of high school education.

Right now, employers of the country have their eyes on you. They are looking for young people of PROMISE. You are old enough to shoulder responsibilities and yet young enough to learn. You are wanted while your mind is still flexible.

You are wanted for positions which pay good salaries and offer WONDERFUL opportunities for advancement, especially for the bigger and better positions.

How you can capitalize your high school education; how you can get "a running start" on business; how you can outdistance your million "competitors"—all this is told in "Achieving Success in Business." Clip the coupon now and send for the large book. It is free.

BOYS MEET DEATH IN ESCAPING HEAT

SONS OF P. E. HOLDER, A TEN-
ANT FARMER, DIE IN CREEK
NEAR DAVILLA

Davilla, Texas, July 5.—Three brothers were drowned while swimming in Donahoe Creek four miles east of here at about two o'clock this afternoon. They were sons of P. E. Holder, a well known tenant farmer of this community. The boys were:

Elbert, 17.
Joe, 13.
Cail, 11 years old.

There were no eye witnesses to the tragedy. Mr. Holder and his sons were working in their field which bordered on the creek, when they sought relief from the heat by taking a swim. Mr. Holder had left the swimming hole first, telling his sons to dress and resume their work. When the boys failed to return within a reasonable time Mr. Holder became alarmed and investigated. He found their clothes on the bank but no trace of the boys. He immediately summoned his neighbors who helped him to search the swimming hole and the three bodies were found at the bottom.

Mr. and Mrs. Holder are the parents of nine children and have resided in this community for many years. P. F. Holder, grandfather of the drowned boys is one of the pioneer citizens of the community.

P. E. Holder lives on the L. M. Massey farm bordering Donahoe Creek.

Woman Is Found Floating In Tank

Hillsboro, July 4.—Mrs. Louise Lucko, 68 years old, who was found early this morning floating on the top of a tank at the Adolph Scheler farm, 3 miles west of Malone, will be sent to Milam county for burial, the Foote Undertaking company of Mertens announces. The body was sent to Marshall and Marshall Undertaking company of Hillsboro to be prepared for funeral services which are to be held about 9 o'clock Tuesday morning.

Mrs. Lucko resided with Scheler on the Winkler farm near Malone. Mrs. Lucko was in her room at mid-night, Scheler stated, but this morning he got up about 5 o'clock and she was gone. Scheler first went to his brother's, W. J. Scheler, but she was not there. On the bank of the tank, Scheler found her house shoes and then discovered her body floating on the water. It is said that she had been very dependent since the death of her husband six years ago. Several step-children survive. Justice of the Peace Berry Hubbard held an inquest.

Lions Elect Officers

At their weekly noonday luncheon held in the basement of the Methodist church Tuesday, the Lions Club elected the following officers for the ensuing year:

President, J. C. Martin; 1st vice-president, C. S. Peyton; 2nd vice-president, J. C. Young; secretary, Lee Tag; treasure, F. B. Cable; Lion tamer, T. A. Fisher; tail twister, R. P. Jeter.

Gloria Louise Mosley

"Sleep on in thy beauty thou sweet
Angel child, by sorrow unlighted,
by sin undefiled,

Like a dove to the ark thou hast
flown
to thy rest,

From earth's sea of strife, to the land
of the blest."

After a short illness little Gloria Louise Mosley, infant daughter of Mr. and Mrs. Ernest Mosley, passed away Saturday afternoon, July 2, 1927.

Services were held at the residence Sunday afternoon at 3 o'clock and Rev. E. S. Hutcherson spoke comforting words to the bereaved family and friends whose hearts were left in sadness at the passing of this dear little girl. The little form was tenderly laid away in Oak Hill Cemetery in a tiny grave, covered with flowers sent by loved ones.

"Grieve not with hopeless sorrow,
Jesus has felt your pain;
He did thy babe but borrow.

He'll give her back again."

Cameron Boys Make Honor Roll at Texas

Among the 432 students given honors for high grades in Arts and Sciences at Texas University, appear the names of two Cameron boys, W. R. Avrett and Frank Mondrik.

The list of honor students has just been made public by Dean H. Y. Benedict of the College of Arts and Sciences of the University of Texas.

In constructing the honor roll, account was taken both of the grades made and the number of courses passed.

A large number of Cameron boys and girls have made the honor roll at the University and other Texas schools, and Cameron is very proud of this fine record.

Baggett Baffles Lions

Bob Terry's North Enders after winning the first half of the City League race, continue to show their superiority last Tuesday with a win over the Lions. The game was featured by the steller pitching of Baggett for the North End Club. He let Tindall's hard hitting Lions down with three safeties, all of them coming in the same inning and resulting in the Lions' one and only tally. Bob Terry seems to have found a very capable substitute for Miller and Stirling who heretofore did his hurling. The former is in Fort Worth and the latter is recuperating from a recent illness. North End, however continues to win ball games, in spite of their absence from the mound. Baggett has won the last two starts, and did excellent relief work in the game of a week ago, although going in too late for a win. Tindall, who pitched for the Lions, was ineffective, being touched for twelve safeties during his six innings and giving way to Young in the seventh.

Enter Golf Tournament

The following members of the Cameron Country Club entered the July 4th golf tournament held at Lake Polk Country Club in Temple: S. A. Cottle, Reed Rogers, Hubert Hefley, O. M. Smith, Tom Henderson Jr., F. C. Fahrendorf and others.

A tournament is being planned to be held at the Cameron Country Club July 14.

Moody Returns From Good Will Trip

Austin, July 5.—Governor Dan Moody, his secretary and others of the good will party, who have been interpreting the new Texas to the North and East, returned to Austin early Tuesday, surfeited with long train rides, banquets and receptions, but with a sense of agreeable accomplishment.

Governor Moody was expected to make some official expression later as to what he thinks are the benefits of the trip.

The governor, who has been gone about two weeks, got back home pretty well done up by the hundreds of miles of traveling and took a rest at the mansion before coming down to the executive offices.

Leaving Tuesday noon, Governor Moody went to Houston, where the American Legion state convention is in progress. It is not known yet whether he will stay for opening of the State Bar Association convention Thursday.

"We had a very successful trip, I think," the governor said of the good will tour, "but I'm glad to get back home."

He was busy with a meeting of the state board of education shortly before departure.

At the regular meeting of the City Council Tuesday afternoon at 4 o'clock, Miss Aetna Smith and Mrs. W. A. Morrison consulted the council in regard to prices for lots in the new addition to the cemetery. The council took the matter under advisement and will report at an early date.

The Street Committee was empowered to place dips and culverts only where such is absolutely necessary in the city.

Elsewhere in this issue will be found notice to financial institutions of the city of Cameron for bids of rate of interest on city funds for the next twelve months.

Mr. and Mrs. Vernon Roberts visited her sister in Temple Sunday.

CAMERON BUSINESS AND PROFESSIONAL WOMEN GO TO BEN ARNOLD FOR BANQUET; OFFICERS ARE ELECTED

press reporter, Miss Delphya Scott, re-elected.

A standing entertainment committee. A delightful time was spent by the Business and Professional Women's Club in Ben Arnold last Tuesday evening when the ladies of that place served a delicious chicken supper with all accessories. The Ben Arnold ladies are noted for their generous hospitality and the evening was spent most pleasantly.

The members motored up and found the ladies ready and waiting and were ushered in and seated at a table covered with snowy white linen decorated with pretty home grown summer flowers placed in vases at intervals down the table, where plates were filled with good eats.

After the feast the president of the club, Miss Rose Rischar, called the meeting to order and put before the club such business as was needed for action. The nominating committee, previously appointed, gave their report on the names placed before the club for their next year's officers, who were unanimously elected. For the president, Miss Rose Rischar, re-elected; first vice president, Miss Willyne Hyde, re-elected; second vice president, Mrs. Kirby Bales, re-elected; secretary, Mrs. W. H. Stafford; treasurer, Miss Carrie Marek; corresponding secretary, Miss Lucille McClaren, re-elected; tee for the year was appointed as

follows: Chairman, Mrs. Perry Wilkerson, Misses Minnie Bartholomew, Bess Dunham, Mary Randolph, Imogene McClaren.

The club voted to send a letter of condolence to the Temple Business & Professional Women's Club on the recent death of one of their members, Miss Arline McDonald, a R. N. of Temple, who passed away the first of the week. Miss McDonald will be remembered by a number of club members as she visited the Cameron club the first of the year.

The club voted to send greetings to the State Annual Convention that is in session in San Antonio Thursday, Friday and Saturday of this week.

This was the last meeting for the summer until the 13th of September, the second Tuesday in the month, which will be the regular meeting night in the month.

Guests present beside club members were: Mrs. L. B. Nicholson and Mrs. Earle Isham.

Committee appointed on the September meeting, chairman, Miss Delphya Scott, assistants, Mrs. L. Bigbee, Mrs. B. E. McMillan, Mrs. Homer McLane and Miss Olea Jackson.

A rising vote of thanks was given the Ben Arnold ladies for their splendid supper and the club wishes to thank the ladies of the past month's committee.

Post Office Gets New Cancelling Machine

Postal Inspector Harry G. Meyers of Washington has this week installed a new electric cancelling machine in the Cameron postoffice. This machine is known as the New International Electric Cancelling machine and cancels 400 letters per minute. This is the very latest cancelling machine and there are only a few of these machines in operation in the United States. This machine is even faster and more modern than any in the Dallas office and that office is the largest in Texas.

Mrs. Bessie Hefley, postmistress, is to be congratulated on getting this fine new machine which will enable the local office force to give better and more efficient service.

Miss Edna Lee Bell spent the week end at her home in Maysfield.

Seeing A Bit of Texas With the Editor

It is not often that the Editor gets away for a vacation but at this time he is seeing a bit of Texas and taking a much needed respite from the helm where steering has been hard. The paper is in capable hands these few days that I will be away.

Thinking some may be interested in the scenes I will visit with my family, I have determined to set down and pass on to you some impressions of the Texas so few people take time to see.

First of all I want to say that no place I have found in the non-stop drive up through the great Black Prairies of Central Texas to Dallas offers as good prospects for a bumper agricultural yield as Milam County. Crop conditions are better at home than in any place in the record yield counties. We left home Saturday, July 2. One is thrilled at the spectacle of rich territory in the great stretch of East Central Texas and the refreshing sight of growing things. The adverse comment is the observation that so much is invested in non-profitable cotton culture when energies might be directed to capitalizing of other vast and thrilling possibilities. Here we think of the matchless example of the Carolinas. People there have made the artful application of industry to their cotton fields and have enriched themselves by the spindle. The need of Texas is cotton mills and some day the people of my native state will encourage them in a big way. We boast much of our great natural resources, our oils and minerals and yet overlook the tremendous possibilities held in the staples of our cotton counties.

This is written in Dallas. I saw only one cotton mill on the way up. That one is at Itasca. They built this mill in the shadow of cotton blooms and its pleasing outline against the azure of the farm skies proclaims the progress of that community.

Palace of Sweets Install New Case

Mr. W. F. Sharpe of the Palace of Sweets has this week installed the latest and most modern cigar and cigarette cabinet. This is a beautiful piece of furniture and adds much to the appearance of this popular confectionery.

In continuance of the policy started the first of this year Mr. Sharpe has received a complete line of toilet articles and stationery. He has the agency for one of the best known brand of toilet articles and will appreciate the opportunity to show you his line.

Miss Nona Hubert is visiting friends in Austin and San Antonio this week.

Mrs. Perry Wilkerson spent the week end with her sister, Mrs. John Howard in Waco.

Seeing A Bit of Texas With the Editor

Dallas is a thriving city with nearly three hundred thousand souls. Its canyon walls are furrows of progress and bee hive industry. Dallas has 259 buildings from 5 to 29 stories; has 150 schools and 200 churches. Its growth is symbolic of all Texas. Here one finds the engaging thought of modern commerce expressed in terms of greatness. In this day of the modern skyscraper a city is among the elect when sunshine falls into her canyons only at high noon.

We found worship this Sabbath morning at the foot of the towers at First Baptist church where Truett has made Christianity a great and vital thing in the heart of a city. Truett is the world's greatest preacher. You have not seen Dallas until you have heard him.

Tomorrow we head out for the Peace of the Pathless Places in the West. It is 1000 miles from Dallas to El Paso. Not far in this day of automobiles but it will hardly be a non-stop flight. On the way out we will see an empire in rugged attire, as yet unspoiled by the smoke of factories or the shadows of towers. The lure of mountains and the haze of vast spaces excites my imagination for life and romance and glamor are still to be found in the blue eternal hills that catch up the sunlight like lace of tawny gold falling over the shoulders of the world.

Dan Moody is very popular here. Last night his picture flashed on the screen with Senator Royal S. Copeland of New York drew long and enthusiastic applause. This is the home of Barry Miller who may be our next governor after Moody.

The only things I can think of that are cheap are cotton and picture shows.

Should Yoe High Abolish Athletics

It is rumored that the school board is contemplating at its next meeting the complete abolishment of athletic contests from Yoe High School. The Herald sincerely hopes that it is merely a rumor, for such a step on the part of the board would undoubtedly be a grave mistake. The complete abolishment of any long established custom or institution is not warranted until it has been proved harmful or undesirable. Such cannot be said to be the case with Yoe High athletics.

Much has been said about the harmfulness of athletics in educational institutions today. Much of this talk comes from persons unacquainted with true conditions. It is often claimed that athletics are dominating schools and becoming more important than the real purpose of any educational institution—that of educating its students. There is little justification for such a statement. Six hours a day for five days a week is given over to education. This constitutes thirty hours per week. It is seldom that more than one athletic contest is held during a week, and such a contest last not more than two hours. Furthermore, the contest is held, except on rare occasions, after school hours, and thus does not interfere with the regular routine. Any practice in preparation for the games is done after school hours during time that belongs to the boys to do with as they like. Were they not holding these practice sessions they would be all likelihood be loafing on the streets. We ask you frankly, which idea appeals to you most? Would you prefer your boy to be one of a clean-cut group of fellows on an athletic field preparing themselves for the coming game, or one of a crowd loitering about the streets? There is but one answer.

Athletics and the preparation for them are hard work. They fit a young fellow to do hard work off of the athletic field as well as on it. Such training is undoubtedly beneficial. Physical fitness is not the only benefit. Character is developed. Honesty and fair play are forever emphasized in coaching athletics today. No one has anything but scorn for one who does not play the game fairly and honestly as it should be played. Such ideals cannot help but be carried out into real life by the boys who practice them during their school days—the formative period of their lives.

The argument that athletics are a financial burden carries no weight whatsoever. If properly managed they will not only pay their own way but net a surplus to be used in other activities of the school. It is being done in countless other schools of Texas and it can be done in ours if we only wish it.

It is likewise said that athletics are harmful. In answer to this statement the writer replies that athletics are not harmful if they are properly managed and controlled. If Yoe High Athletics are harmful and dominate the school too much, it is the fault of the school officials and not the fault of athletics. No one can dispute the fact that if athletics had no place in a school, they would not be present in the leading educational institutions of the country today. Show us a school that does not foster athletics and we will show you a hundred bigger and better schools who do. Why do such schools allow athletics to remain if they are so harmful and unwarranted? The answer is that their athletics are properly managed and are thus entirely beneficial and justifiable.

It is the Herald's honest opinion that the solution of the problem facing the school board today in regard to Yoe High School athletics (if there is a problem), lies not in the complete abolishment of all athletics but in their proper curbing. A close study will no doubt reveal many defects which can be corrected.

We repeat, no long established custom deserves to be abolished until it is undesirable has been proved without doubt. This is not the case with Yoe High athletics. We rest our case.

Garage Burglarized At Gause July 2

On the night of July 2nd, the garage of Louis Bowling of Gause was burglarized at Gause and eleven automobile casings were stolen.

The sheriff was notified and six of the casings have been recovered. A Mexican is being held in connection with the burglary.

HUNDREDS ATTEND BIG BARBECUE AT WAYSIDE

LARGEST CROWD SINCE OPEN-
ING ATTEND BARBECUE
AT WAYSIDE INN

The largest crowd that has gathered in Cameron since the opening of Wayside and Riverside Tourist Parks attended the big free barbecue given by Messrs. Cammer and Balhorn, proprietors of Wayside in their beautiful park on Monday July 4th. This was the only celebration of any kind in Cameron for the day.

The crowd began to gather early in the day and many came and stayed all day. Mr. Cammer and Mr. Balhorn began serving the barbecue about five o'clock in the afternoon and served it until it was all gone. The crowd was estimated all the way from three to five thousand people and they ate over one thousand pounds of free barbecue. This is the first time that any individuals have given a free barbecue to the public and it was enjoyed by the many hundreds who came. This popular park is fast becoming the outing ground for the people of this section. There were picnic parties there from Caldwell, Hearne, Bryan, Brenham, Calvert, Martin, Rogers, Temple and many other places in this section.

The crowd came for a good time and were not disappointed. Many of them stayed for the big dance at night. The original New Orleans Black Aces played for this one and they were at their best. The dance was also a record breaker. The attendance was the largest on record with the exception of the opening night.

The management of this popular park were surprised at the large crowd that they had and had not made preparations for quite so many but they are planning to make this a regular affair every July 4th and that the next time will find them prepared to give barbecue to everyone.

The management announces two dances for this week. Skipper Mayfield will play for the Friday night dance and J. D. Lewis will furnish the music on Saturday night.

Enjoying Vacation

John C. Young, manager of the Texas Power and Light Company, is enjoying a vacation this week. Mr. and Mrs. Young are spending their vacation in the beautiful Anderson Park at Lampasas. The Texas Power and Light Company maintain a modern equipped cottage for their employees use. Mr. Young drove back to Cameron for a few hours Wednesday and reports that they are having a most enjoyable time.

On A Vacation

Mr. and Mrs. J. B. White and children left last Saturday morning in their car for Dallas, where they spent several days before going to El Paso and other interesting points in West Texas. They plan to be gone about three weeks.

We will have to ask our friends and subscribers of the Cameron Herald to pardon our short comings for the next week or two, for we have a "struggle" when our "Boss" is out of town.

MILANO LEGION POST TO CELEBRATE 21ST

HON. CLAUDE POLLARD TO DELIVER PATRIOTIC ADDRESS FOR LEGION

Harry W. Beavers Post American Legion No. 415 at Milano will stage a free barbecue and patriotic celebration on July 21st with Hon. Claude Pollard, attorney general of Texas delivering the principal address.

The barbecue will be free. At night a big dance will close the program for the day. An admission charge will be made for the dance.

There will be baseball, goat roping and music as well as a number of other entertainment features to please the people.

The entertainment will take on the form of an old fashioned picnic and barbecue.

H. B. McClellan, adjutant of the post was in town last week to announce the entertainment.

PRESTON LAIRD**Insurance**

INSURES ANYTHING THAT'S INSURABLE

Cameron, Texas

WINS ANOTHER WORLD'S RECORD

Mr. Isidore Holden wins world's record by completing our combined course of Bookkeeping and Shorthand in exactly one and one-half months from the day he entered. Mr. Holden had not previously studied Shorthand or Bookkeeping. He made high grades in every subject. He immediately accepted a position with the International Educational Association and is doing his work satisfactorily.

Mrs. Jessie Miller, now head secretary to the president of the Alford Oil Co., recently won the world's record in Shorthand and Typewriting in our school, writing at the phenomenal speed of 162 words per minute, after being in school but 18 days.

Byrne graduates hold not only world's records, but the best positions in Dallas with large mercantile firms, insurance companies, oil companies, banks, including the Federal Reserve Bank.

Fill in to-day for free catalogue. Read about the school that is producing world's records and is graduating more students annually and placing them in good positions than any other school in this section.

Children Cry for Fletcher's**CASTORIA**

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* on the wrapper all these years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

**HALF SISTERS, GRAND-
MOTHERS, MEET FOR
FIRST TIME IN AUSTIN**

Austin, July 4.—Two half sisters, each a grandmother, met here Sunday for the first time.

Mrs. W. H. Crane of Corvallis, Ore., arrived for a visit with Mrs. Mary Crenshaw here. Neither of them ever saw her father and Mrs. Crenshaw has never yet seen her stepmother, who is two years her junior.

The two women's father, Dewitt Clinton, left Kentucky around 1849 when he heard tales of rich gold in California. Mrs. Crenshaw was born shortly after his departure. Her mother died and Clinton married again, Mrs. Crane being one of the daughters his second wife bore him.

Mrs. Crenshaw, 77, has 10 children, eight grandchildren and three great-grandchildren. Mrs. Crane did not tell her age. She has two sons and a grandson.

The Crenshaw family here plans a general reunion.

Deed Records

Henry Cook et ux to Forest Randle a part of Wm. Mitchell grant, situated in Milam County, Texas, \$1.

EAGLE BRAND
CONDENSED MILK****NEW GROCERY AND MEAT MAR-
KET TO OPEN IN THORN-
DALE SOON**

A new grocery store and a meat market in one building is scheduled to open for business in Thorndale within the next ten days or two weeks. The new business will occupy the Will Wuensche building formerly occupied by the Davis and Turner Feed Store and more recently used by Mr. Wuensche, who owns the building, for the headquarters of a local meat club. Will Wuensche will own and operate the new market and E. C. Foster will preside over the grocery store as proprietor and manager. Both gentlemen are well known to our readers. Mr. Wuensche being a home man and Mr. Foster was formerly connected with the Im. Rudi grocery store here before going to Port Arthur a few years ago where he has been until last week when he returned to Thorndale. The publishers of the Champion wish both businesses unbounded success.—Thorndale Champion.

**PADUCAH EDITOR TO SUCCEED
BRENHAM PUBLISHER**

Richardson, July 4.—E. A. Carlock, editor and publisher of the Paducah Post, Monday was elected as president of the Texas Press association by the executive committee here to succeed the late George Neu, Brenham publisher, who died shortly after his election as president at the El Paso convention.

Sam E. Miller of the Mineral Wells Index was named vice president and Emerson Edwards, editor of the Troup Banner, was elected to executive membership to succeed Miller.

**COLQUITT SPEAKS AT
BIG ROAD OPENING**

Henrietta, July 4.—Former Governor O. B. Colquitt was the principal speaker at a celebration here Monday in connection with the formal opening of Clay county's concrete highway. The concrete slab extends across the county from east to west on the route of the Colorado to Gulf highway thru Bellevue, Henrietta and Jolly. It is 35 miles in length.

The former governor definitely announced his candidacy for the democratic nomination for United States senator in 1928. He said he opposed efforts to repeal the prohibition amendment and stood for its enforcement. He declared himself opposed to the candidacy of Governor Al Smith of New York because of Smith's attitude toward the enforcement of the national prohibition law.

A French watchmaker, has invented a watch that tells time without hands, by means of a moving dial which turns inside a stationary rim. The minutes appear on the rim and an opening in the dial shows the hour. The center makes a complete turn every minute.

The inspiration to propose to his wife came to Ulysses S. Grant when fording the swollen Gravois River. The manner of her clinging to him in fear gave him the inspiration and he proposed then and there.

THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

**Notice of Application for Letters
Estates of Decedents**

The State of Texas

To all persons interested in the estate of W. F. Whitaker deceased.

E. M. Whitaker has filed in the County Court of Milam County, an application for the probate of the last will and testament of W. F. Whitaker, deceased, and for letters testamentary to be issued to applicant as executrix of said last will and testament which will be heard at the next Term of Court, commencing the first Monday in August A. D. 1927, same being first day of August A. D. 1927, at the Court House thereof, in the city of Cameron at which time all persons interested in said Estate may appear and contest said application should they desire to do so.

Herein fail not, but have you then and there before said court this writ, with your return thereon endorsed showing how you have executed the same.

Given under my hand and the seal of said Court, at Cameron, Texas, this 24th day of June A. D. 1927.

THE MAN WHO SAVES YOU MONEY

Twenty Cent Cotton Likely Terrell Says

Austin, July 4.—Texas ought to be able to 'feed herself next year,' G. B. Terrell, commissioner of agriculture, says in an optimistic report on crop conditions, in which he estimates that the reduced cotton acreage of the South should insure "20 cents a pound for the crop, if it is properly marketed."

"Reports from our correspondents representing all agricultural counties," he said, "indicate very favorable crop conditions."

"Splendid rains have fallen in nearly all parts of the state during June and have improved crops and ranges a great deal. These rains were heaviest in East Texas and Southwest Texas, averaging four inches, three inches in Central Texas, and two inches in Western and Northwestern Texas."

He estimated that the cotton crop is 16,651,800 acres, 13 per cent less than last year, but said that "it is too early to estimate the production, as conditions might vary greatly in a month."

Both the oats and wheat crops run 'short,' Commissioner Terrell said. The first, already harvested, is about half of normal and the wheat, being harvested rapidly, is probably not more than 50 per cent of last year's yield. 'Grain sorghum is good,' Terrell said. 'And corn is reported good, and matured in the southern half of the state and good but late in the northern half. Peanuts, watermelons, sweet potatoes and ribbon cane crops are about average. It looks like Texas will be able to feed herself next year. Watermelons suffered in South Texas from winds and dry weather for a time, but some sections are shipping good melons since the rains.'

"The cotton crop is unusually spotted, much of it being late. It is in all stages of development, some just lately planted in the west and northwest parts of the state, and picking being well advanced in the lower Rio Grande."

Boll weevils are doing some damage in all districts except the west and northwestern districts. Damage is reported at approximately 10 per cent. If rainy, cloudy weather conditions continue, the weevil damage may be-

come serious soon and greatly reduce production.

"I do not believe the total crop of the South will be more than 16,000,000 bales or 2,000,000 bales short of last year."

"Hog production has increased 25 per cent over last year. Poultry production also has largely increased, which is another indication that Texas is preparing to feed herself."

A robin built a nest in a mop on the back porch of the home of a Chicago woman. She secured another mop and left the robin undisturbed until a family of six were reared.

Device To Tell Heat of Match at 5,000 Miles

Washington, July 4.—Carrying an instrument so delicate that it is believed it could measure the heat of a match 5000 miles away if no atmosphere intervened, Dr. Charles G. Abbot, acting secretary of the Smithsonian institute, has started for Mt. Wilson, Cal., to continue the measurement of the heat of the stars.

The instrument, so frail that flies' wings are used in its makeup, is described as an improved radiometer, 10 times more sensitive than the one

used by Dr. Abbot in 1923, when he made the first determinations of the heat spectrum of 10 of the brighter stars other than the sun in the history of astronomy.

With the new instrument, Dr. Abbot believes it will be possible to observe the heat of the spectra of stars fainter than the Pole star.

The Smithsonian official also plans to visit the solar radiation observatory on Table Mountain, Cal., where daily observations of the variations of the sun are being made in co-operation with stations in Chile and Southwest Africa to determine the sun's influence upon weather conditions.

SMITH CHEERED AS WHITE HOUSE HOPE

New York, July 4.—More than 1500 persons, who attended the Independence day celebration of the Tammany society, in the old Fourteenth street 'wigwam', Monday, were roused to several minutes of sustained cheering by the mention of Governor Al Smith as a presidential possibility.

State Senator William T. Byrne of Albany declared that the governor 'stood shoulder to shoulder with Thomas Jefferson' as presidential timber.

Supreme Court Justice Thomas C. T. Crain demanded that this country 'cease to stand with its hat in its hand (at the Geneva conference), asking Great Britain how many cruisers it may build.'

In attendance was Grand Sachem John R. Voorhis, 97 year old head of the society. Messages were read from Governor Smith, Governor Ritchie of Maryland and Governor Moore of New Jersey.

Health Notes

The first business meeting of the state board of health since the reorganization of the state health department, was held June 30th, in the office of Dr. J. C. Anderson, state health officer.

Consideration was given to plans for the new hygienic laboratory, funds for which were provided by the special session of the Legislature, and Dr. J. C. Anderson, state health officer, Dr. Joe Gilbert and Dr. Livingston Anderson, laboratory director, were appointed as a committee to negotiate the purchase of suitable land for a laboratory site. The new laboratory will combine the state pathological, chemical and Pasteur laboratories, which at present are operated independently of each other. When completed, it is planned to manufacture prophylactic vaccines and distribute to the people of the state as needed.

Divisions of the state department of health for future work was decided upon as follows: the main division, comprising the state health officer, chief clerk, private secretary, and secretary of public health education; division of child hygiene; division of sanitary engineering; division of communicable diseases; division of vital statistics; division of food and drugs; and hygienic laboratory.

Those present at the meeting were: Dr. J. C. Anderson, chairman; Dr. W. A. King, San Antonio, vice-chairman; Dr. Joe Gilbert, Austin; Dr. A. A. Ross, Lockhart; Dr. E. W. Wright, Bowie and Dr. J. M. Frazier, Belton

Communicable Diseases

Communicable diseases reported to the state department of health for the month of June are as follows: chicken pox, 99; dengue, 2; diphtheria, 69; dysentery, 26; influenza, 96; leprosy, 3; malaria, 954; measles, 453; meningitis, 1; mumps, 50; pellagra, 10; pneumonia, 10; poliomyelitis, 6; rabies, 1; scarlet fever, 31; smallpox, 93; trachoma, 13; tuberculosis, 59; typhoid fever, 86; para-typhoid, 4; typhus, 6; whooping cough, 80.

Every member of the family of Herbert Asquith is a writer. Asquith, known as Lord Oxford, is writing a volume of memories; Lady Oxford has completed a novel and a volume of essays; Princess Bibesco, their daughter, is writing plays and a novel; and Cyril Asquith, the son, has written a book on trade union law.

Students From Everywhere to T. C. C.

It has often been said that it is worth the while of any ambitious young man or woman to pay railroad fare for a thousand miles to attend TYLER COMMERCIAL COLLEGE.

Such popularity must be deserved. It doesn't come ready-made. It doesn't just happen. Popularity nowadays means "delivering the goods," and the reason Tyler Commercial College has become America's largest business training school is simply that we give better instruction in a shorter length of time and at a smaller cost, than can be obtained elsewhere. Students come from great distances, because it pays them. And it will pay you. Clip the coupon now and send for the large book, "Achieving Success in Business." It is free.

Wilson-Lankford

Miss Myra Lankford of Waxahachie, daughter of A. M. Lankford of Cameron and a sister of Mrs. John Perry, was married to Mr. C. B. Wilson of Waxahachie Saturday, July 2, 1927 at 7 o'clock p. m.

For the past several years the bride has been manager of the Western Union in Waxahachie, prior to that she was employed at the Western Union office in Cameron. She has friends of friends here who will note with interest of her marriage and wish for her a wedded life filled with happiness.

A complete account could not be secured for this week's paper, but will appear next week.

**AVIATOR'S TOWN PAYS
FINAL HONORS TO 7TH
OF ITS FLIERS TO DIE**

Fenton, Mich., July 6.—An aviator's town this afternoon paid its last honors to an adopted son, when the funeral of Lieut. J. Thad Johnson, Selfridge field flier, killed in Ottawa, while acting as an escort to Colonel Charles A. Lindbergh, was held here, the home of his widow.

This little town of 2,500 population has perhaps paid the highest toll to aviation of any town of its size in the country, citizens recalled, as Fenton today mourned for the seventh time within 14 years the tragic end of a man who gave his life in pursuing the business of aviation.

Only a part of the public was able to find seats this afternoon in the First Presbyterian church where the funeral was held. The seating capacity is 350 and half the auditorium was reserved for members of the Masonic order, Selfridge field men, intimate friends and the family.

Lieut. Johnson's first wife was Miss Edith Naylor, daughter of Mr. and Mrs. H. N. Naylor of Oklahoma City, and formerly of Cameron. Edith attended school here and the family is well known. In 1919 Edith was married to Lieut. Johnson and she died in 1924.

On several occasions Lieut. Johnson has visited friends of Edith's in Cameron; his last visit here was in 1925.

**ROCKDALE TO BUILD TWO
OTHER BRIDGES**

Rockdale, July 5.—The State Highway bridge on West Cameron St., that spans Ham Branch, the turbulent stream that separates the town proper from College Hill, was opened to traffic Monday when hundreds of motorists passed over it out to Fair Park to participate in the Fourth of July festivities.

The city council has recently let the contract to the Pace-Davis company for the building of two new concrete bridges over the same stream, one to be on West Bell and the other on North Ackerman Street. Work will begin within the next few days. The estimated cost of the Bell Street bridge is \$3,000 while the new Ackerman bridge work will cost about \$2,000.

Advantageous contracts were secured by reason of the fact that the contractors have just completed the highway bridge and have all their material and machinery at hand.

**ALL SIGNS MUST BE
TAKEN OFF HIGHWAY**

The State Highway department has issued a warning to the merchants of Texas that their signs along highway property must be removed before August 1, or they will be removed by the department itself. The Highway department claims the signs to be a menace to the appearance of the highway.

It can be noticed already along the roads that there is an absence of many of the signs that used to adorn the highway. Many of the merchants are moving their signs alright, but only off the property of the highway on to private property.

**L. E. STRICKLAND TO PREACH AT
BAPTIST CHURCH SUNDAY**

Rev. L. E. Strickland of Waco will occupy the Baptist pulpit at the service Sunday evening. Mr. Strickland has just completed his M. A. degree at Baylor University. A large crowd is expected to hear him.

Mr. Hutcherson will preach at the morning service.

**CONTROL OF HOUSE RATS
AND MICE**

The common rats and mice are the most destructive of any of the farm pests. Their habits are too well known to merit any description here.

A good rat poison is made as follows: Mix 1 part of barium carbonate with 4 parts of flour or meal, or 1 part of barium carbonate with 8 parts of oatmeal; add a little cold water and mix thoroughly into a stiff dough. The barium carbonate may

also be sprinkled on fresh toast bread or moistened bread and butter. Arsenic may be used in place of the barium carbonate as above described, but it is unreliable in its effect. More complete information regarding the control of house rats and mice may be found in Farmer's Bulletin No. 1302. George Banzhaf.

**NOTICE TO BANKING CORPORATIONS,
ASSOCIATIONS AND
INDIVIDUAL BANKERS IN
THE CITY OF CAMERON**

Sealed proposals will be received from any banking corporation, association or individual banker doing business within the city of Cameron, Texas, desiring to be selected as the depository of the city funds, stating the rate per cent upon daily balances said bidder offers to pay for the privilege of being made the depository of the said city for the term specified by law.

The proposal shall state the rate per cent said banking corporation, association or individual banker will loan funds to the said city for its necessary and legitimate requirements during said term.

Proposals shall be addressed to the Secretary of the city of Cameron and opened at a regular meeting place in said city, at 4 o'clock, p. m., July 19, 1927.

The Council reserves the right to reject any or all bids.

This is the 5th day of July, A. D. 1927.

J. C. JOSEPH, Secretary,
City of Cameron, Texas.

OFFERS SPECIALS

J. T. Parma is putting on another big soap sale this week. He is also going to give away a 31 piece set of dishes on Saturday. See his display ad on another page for particulars.

In the French Nigerian court of Sultan Barmous, Mohammedan traditions are carefully preserved. Like some Oriental despot of old, the Sultan has his dinner served in solitary state under a great mango tree while the court musicians, whose duty is to entertain him, play with backs turned, since no one must see him eat.

Corot's oaks have been sold to a timber merchant. The country folk of Mur, near Loudeac, Brittany, were forced to choose between the trees and higher taxes.

Two billion dollars in gold are held in the New York Assay office in Wall Street, branch of the United States Assay. Here was actually amassed the first billion dollars in the world.

Twenty-two hundred women fill important executive positions with banks.

There is a Baptist church in Santa Rosa, California, 60 feet wide by 100 feet long, with seating capacity of 400 that was built entirely from one redwood tree. Although everything, except the glass, used in construction was furnished by the tree, only two-thirds of the tree was needed and 60,000 shingles were left over.

THOMPSONS DAIRY

We have Registered Male for service at \$2.50. Cows must be brought to farm.

Can take care of a few more afternoon customers for milk. Our milk test shows higher than any other dairy.

**FIVE ARE INDICTED IN
FLOGGING CASE**

Toccoa, Ga., July 5.—Five men were indicted by the Stephens county grand jury late Monday on charges of assault with intent to murder, riot and carrying pistols in connection with the flogging here June 12 of Mrs. Ansly Bowers and her 15 year old son, Floyd.

Mrs. Bowers and her son were taken from their home here early in the morning by a band of 12 men all of whom she said wore robes and hoods of the Ku Klux Klan. They were driven in automobiles to a lonely spot in the country where Mrs. Bowers was stripped of her clothing and lashed severely. The 15 year old boy was flogged when he attempted to intercede in behalf of his mother.

JACK GOES TO WORK

White Sulphur Springs, N. Y., July 4.—On the eighth anniversary of a day he crushed Jess Willard in a broiling sun at Toledo to win the heavyweight championship of the world, Jack Dempsey today settled down to the grind of winning back the title.

For the first time, Dempsey worked under an order issued today by Leo P. Flynn, his new manager, that training sessions for the fight with Jack Sharkey late this month shall be private to all but newspaper men.

**How Doctors Treat
Colds and the Flu**

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

Judge and Mrs. Jeff T. Kemp and daughter, Miss Ruth Kemp left Wednesday in their new car for a visit to the Grand Canyon in Colorado.

Mrs. Theodore Hoffman, of New York, recently received a post card mailed to her in 1915 from a point twenty-five miles from her home.

**For the Hay
Season**

We offer the Osborn high speed and Standard Mow rs.

If rushed in the crop after our heavy rains, our Standard cultivators will save time.

See us for hay ties and screen wire.

For the busy ladies who do their canning, our complete stock of sanitary, plain and enameled cans, syrup buckets, pressure cookers and sealers will be interesting.

Let our tinner figure your job.

Louisiana Woman Tells Why
She Relies On Cardui For
Her Troubles.

"When just a girl," writes Mrs. G. W. Britt, of Haughton, La., "I suffered quite a bit at times . . . I would be so tired all the time that I didn't really enjoy anything."

"I took three bottles of Cardui and very soon, I saw quite a difference."

"Later on in life, after I got married, I was very weak and nervous, before my baby came. I remembered what Cardui had done for me when a girl and sent for it again."

"I only had taken two bottles when I felt so much stronger and better."

"I am a great believer in Cardui because I know it did me good."

Cardui should do you good, too. Try it.

Mrs. L. L. Blaylock, Leonard Jr., Misses Gladys Blaylock and Winnie Henderson went to Austin Tuesday afternoon. They returned to Cameron Wednesday.

M. M. Johnson spent July 4th in Dallas visiting his children.

Big reduction on all Royal Society Stamp Goods.

Mrs. W. A. COPUS.

Quart of Water Cleans Kidneys

Take a Little Salts if Your Back Hurts, or Bladder is Troubling You

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys may act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

Thedford's

BLACK-DRAUGHT

For Constipation and Indigestion

(Purely Vegetable)

The blacks of Africa and their full-blooded descendants in any part of the world never sneeze.

Watch Elimination!

Good Health Depends Upon Good Elimination.

RETENTION of bodily waste in the blood is called a "toxic condition." This often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. Thousands have learned to assist their kidneys by drinking plenty of pure water and the occasional use of a stimulant diuretic. 50,000 users give Doan's signed endorsement. Ask your neighbor!

TIGHT FEELING

Stomach Troubles Relieved by the Aid of Black-Draught.

Telling how he obtained relief from very disagreeable symptoms of stomach trouble, Mr. Charles T. Wintz, of R. F. D. 4, Huntington, W. Va., made the following statement:

"I began taking Black-Draught about fifteen years ago. I would have gas on my stomach that just pressed and seemed to shorten my breath, and I would have all kinds of feeling. My head would ache and I was in a very bad fix.

"I had tried remedies that didn't seem to do me any good. I saw Black-Draught advertised and sent for it.

"After taking a few doses, I knew it was helping me. It seemed to break up the gas, and the tight, bloated feeling disappeared, and I was like a new man. I would not be without Black-Draught. I can eat anything I want to. If I get dizziness in the head, Black-Draught relieves it."

Golf Match July 14

Golf players from the following towns have been invited to attend the Golf Tournament at the Cameron Country Club, Thursday, July 14th: Rosebud, Marlin, Calvert, Bryan, Brenham, Taylor, Rockdale, Temple, Waco and Mexia.

Great preparations are being made to entertain the visitors on this occasion. Nine prizes will be awarded and lunch will be served at the club house. All members are cordially invited to be present on this occasion.

GIRL DAREDEVIL MISSES DEATH BUT DOES STUNT

Minneapolis, Minn., July 5.—Dangling at the end of a rope 2000 feet in the air for a half hour, Miss Evelyn Barrett, 19 year old Minneapolis girl, narrowly escaped death when the pilot of an airplane, from which she attempted a parachute jump, landed in a plowed field.

Uninjured and undaunted by her narrow escape, Miss Barrett, a telegraph operator, demanded that she be permitted to try again. Her second attempt was successful.

Hired to entertain a crowd of 3000 at a Fourth of July program, Miss Barrett climbed out on the wing of the plane as it soared 2000 feet and swung off. But the rope holding her parachute to the wing strut had been tied in a slip knot instead of the usual single knot and her efforts to loosen it only tightened it.

"When she didn't jump at my signal, I knew there was something wrong," said R. D. Ellis, pilot of the plane, "and I doubled back on my course. She didn't jump the next time either, but just swung back and forth."

Another pilot on the ground took off and attempted to fly underneath Ellis' plane and rescue Miss Barrett but the wind was too "bumpy" and he was finally forced to land.

Finally his gas running low, Ellis headed for a plowed field a mile away, where he made a safe landing, in the soft dirt.

Soft-shelled adlay, which grows in tropical climes, is mentioned as a substitute for wheat in case the world's population increases to such proportion as to necessitate increased production of foodstuffs. A hard-shelled species of adlay is cultivated for its seeds, which are made into ornamental beads.

Pastor Denied Pardon Will Serve Two Years

Austin, Texas, July 2.—The Rev. A. A. Davis of Georgetown must go to the penitentiary to serve a two year's sentence for perjury before the grand jury of Williamson County in the Burleson flogging cases. Acting Governor Barry Miller Saturday refused to issue a pardon or a furlough to Davis, following pleas made for clemency and statements that his health would not permit incarceration.

The offense was committed four years ago, the trial was three years ago and after affirmance the case remained in the Court of Criminal Appeals for two years on a motion for rehearing, the latter having been overruled June 25.

Davis was charged with having delivered a Ku Klux Klan note of warning to R. W. Burleson, a traveling salesman, to leave the country. That was to Wier, on Jan. 10, 1923, and Burleson was beaten by a masked band April 1 of the same year. According to the record, Davis denied to the grand jury that he had delivered the note and it was on this statement that he was convicted.

Miller's statement in refusing clemency was as follows:

"This defendant was convicted in the District Court of Williamson County for the offense of perjury and sentenced to a term of two years in the penitentiary and has not yet been delivered to the penitentiary. There has been presented to me an application for a pardon and also an applica-

tion for a furlough if a pardon is not granted.

"Because of the nature of this case I have given to the record the most careful, and, I trust, impartial consideration that it was possible for me to give it in the brief time it has been in my hands. I have deep sympathy for the father of the defendant, who was present at the time of the presentation of the application, and for his family, but I can not find a single thing in this record that in my judgment would justify me while acting as the Governor of this state in granting a pardon at this time.

THORNDALE FARMERS SHIPPING OLD CORN

The prospects for a bumper crop of new corn has prompted farmers to sell their old corn and clear their barns for the new crop. F. J. Henington and the Thorndale Mercantile Company has been buying and shipping the corn, paying the farmers 60c per bushel for it. Mr. Henington has shipped four or five cars and the Thorndale Mercantile Co., one or two up until the rain stopped hauling on Tuesday of this week.—Thorndale Champion.

Hauteville House, Victor Hugo's home in exile, has been given by his descendants to the city of Paris.

A postal card three feet long and two feet wide requiring one dollar postage was recently received in Chicago inviting the postoffice clerks to attend the national convention of their organization in Indianapolis.

Former Rockdale Man Gets Better Position

The many friends of C. F. Drake, formerly of this city, will be interested in the news that he has recently accepted the place of secretary-manager of the McCamey Chamber of Commerce, in the center of the Reagan county oil field. The following is from the Big Lake Wildcat:

C. F. Drake has tendered his resignation as secretary of the Big Lake Chamber of Commerce to the board of directors to take effect in the near future. Mr. Drake will go from Big Lake to McCamey where he has recently been elected secretary-manager of the Chamber of Commerce there.

Mr. Drake came to Big Lake in February from the editorial staff of the Daily Standard of San Angelo. He is a veteran newspaper man and commercial publicist, having served several towns in Texas in that capacity since coming to the state twenty-three years ago, among them being Dalhart, Weatherford, Rockdale and Jacksonville.

Drake has been of material benefit to Big Lake and has accomplished much more than appears on the surface which will continue to benefit the town long after his departure. He is a live wire, wide-awake, full of energy and knows how to go after things and gets them. He goes to McCamey at a material advance in salary and will be worth to that town all they pay him and more. The Wildcat is free to state that it believes Big Lake is making a mistake in allowing him to leave. Of course it is an expense, and bears heavily upon some of the business men of the town but in the honest opinion of the writer his services, although probably not one fourth as expensive as the ball team, has been worth a hundred fold more to the town.

The Wildcat wishes Mr. Drake every success wherever he may go.—Rockdale Reporter.

Texas University News

Contract for printing the 1928 'Cactus,' yearbook of the University of Texas has been let to E. L. Steck and Company of Austin on a bid of approximately \$12,700, according to Willard Perkins of Dallas, editor in chief. There will be about 3,500 copies of the annual printed. Each book will be 9 by 12 inches in size and will have about 564 pages. There will be more than 3,000 individual pictures and several hundred group pictures, according to plans of Perkins and V. I. Moore, Jr., of Austin, managing editor.

Estimates on general business conditions in Texas and the southwest during the month of May are contained in the third issue of the Texas Business Review recently issued by the Bureau of Business Research of the University of Texas. The Review also contains a report on the conditions of marketing of all the natural resources and farm crops for the month.

Student self government at the University of Texas during the summer session will be headed by the men's and women's honor councils of which Thomas Rouse of Fort Worth and Miss Tillie Frances Young of Corsicana are the chairmen. There are in addition four men and four women on each of the councils. These students are Misses Evelyn Winfrey of Austin, Gladys Morgan of San Antonio, Sybil Hargrave of Birthright and Gladys Whitley of Waxahachie and Theodore Weiss of San Antonio. C. B. Smith of Austin, Hubbard Reed Cozart of Normangee and Grady St. Clair of Temple.

There were 432 students out of the 3,471 registered in the College of Arts and Sciences of the University of Texas whose grades during the spring term of school merited their being placed on the honor roll, according to Dean H. Y. Benedict.

Copies of the new catalogue of the University of Texas containing announcements for the session of 1927-

1928 are off the press and are being distributed, according to Mrs. Dorothy Broad Beard, editor of University official publications.

There were 11,500 copies of the new catalogue printed for distribution. About 500 copies will go to state and school libraries, publishing houses, individuals and others on the regular mailing list of the University.

J. P. Hefti, farmer at Maysfield, has returned from a trip to Galveston. Mr. Hefti had not been in Galveston since 1871 when he landed there on his way from the old country to America. While on the trip he visited with his son in law and daughter, Mr. and Mrs. F. Lucksinger of Austin, who accompanied him on the trip, a relative, Sam Hefti in Houston. Mr. Hefti had not seen Sam Hefti since he was

a small boy and they learned of each other after a time when correspondence was exchanged. Mr. Hefti will have a large quantity of peaches and plums for sale this year from his farm at Maysfield.

Dial numbers have been converted into raised characters to enable blind persons to tune-in different stations on the radio receiver.

DR. W. B. CALDWELL
AT THE AGE OF 83

**Mother! It's
Cruel to "Physic"
Your Child**

To Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he did not believe that a sickening "purge" or "physic" was necessary.

In Dr. Caldwell's Syrup Pepsin he discovered a laxative which helps to establish natural bowel "regularity" even if the child is chronically constipated. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement but, best of all, it never gripes, sickens or upsets the most deli-

cate system. Besides, it is absolutely harmless, and so pleasant that even a cross, feverish, bilious, sick child gladly takes it.

Buy a large 60-cent bottle at any store that sells medicine or write "Syrup Pepsin," Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself.

licious ice cream and cake.

Next Monday the society will meet at the church at 2:30 o'clock.

Resolutions

At a call meeting of Ben McCulloch Camp No. 29 U. C. V. at Cameron, Texas, July 5th, 1927, the following resolutions were adopted:
Whereas, the great and Supreme Ruler of the universe in his infinite wisdom has removed from among us D. Kemp a worthy and honored member of this camp, who was a member of Company H, 27th Louisiana Infantry. Mr. Kemp was a splendid type of Southern manhood and was conspicuous in the long line of Confederate soldiers whom Henry Grady saw in his vision returning to their desolated homes to bring order out of chaos, and rebuild the new South. To know the life of our comrade was to

be his friend, and he counted them by thousands in this county, and also in Houston where he spent his latter years. And these things make it befitting in us to record our appreciation of him.

And be it further resolved, that his death will be mourned by countless hundreds and thousands. We tender our sincere condolence to his bereft family and point him as an example which they and we may follow. There are but few of his comrades left and they are standing far out on the firing line and may we all when the final summons comes cross over the river and rest with him and others gone before, "under the shade of a tree."

Resolved that a copy of these resolutions may be given the local press for publication, and a copy furnished the family of the deceased.

Baptist W. M. U.

The W. M. U. met at the church Monday afternoon for a business meeting. Mrs. S. M. Burns, Jr., led the devotional, after which reports from the various committees were heard.

Mrs. Joe Denson gave an interesting report on the Federated Missionary Societies.

The meeting will be held at 4 o'clock for Bible Study next Monday afternoon as follows:

Circle one, Mrs. W. B. Skelton.
Circle two, Mrs. Julian Sustek.
Circle three, Mrs. Gus Evans.
Circle four, Mrs. Laura Williamson.

There were more than 5,150,000 hunting licenses taken out by sportsmen throughout the United States and the Territory of Alaska during the season of 1925-26.

Since the state clothing syndicate announced that it would pay fifty cents for every cat skin to be used in making cheap fur coats, a war has been waged on the cats in Leningrad, Russia.

In a museum in Ottawa, Ontario, there is a cake, a relic of the Arctic expedition of Sir John Franklin in 1845, made of pemmican, which is a compound of beef, fats and dried fruit; it is still good to eat.

By a recent survey by the United States Public Health Service it was found that colds cause a time loss equivalent to 1.4 days a year for every man employee and 2.1 days a year for every woman.

RED PEPPER FOR COLDS IN CHEST

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

Red Pepper Rub is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known.

When Alfred McGee, a wealthy farmer near Glenville, Alabama, died he made the request that his grave be made near the highway and that the farmers hauling their cotton crop to market would call out to him in a loud voice the price of cotton for that day. This has been done for forty-five years.

The saying that 'a cat has nine lives' is generally supposed to have originated from the old myth that Pasht, the cat-headed goddess of Egypt, had nine lives.

There are several countries of which no census has ever been taken. They are Persia, Afghanistan, the Indo-Chinese peninsula, half of Africa, parts of South America and most of China.

Biddy Ann, a white leghorn hen, in Iowa, being deprived of her setting of eggs, flew to the top of a tree and took possession of a crow's nest and eggs. She comes to earth twice a day for food and water.

Cricket fighting is a popular sport in China. The combat takes place in a large earthen jar and is fought to the finish.

A London hotel keeper has finished his dining rooms in primrose and blue because these colors cause the diners to relax and be cheerful and hungry.

4 Amendments To Be Backed Thru State

Austin, July 5.—Organization of the speaking campaign favoring the four constitutional amendments to be voted on by the people August 1, probably will be completed with respect to the senatorial districts before the week end and rallies called throughout the state next week, former Attorney General W. A. Keeling, chairman of the state organization backing the amendments said Tuesday.

Keeling will enlist aid of prominent lawyers at the state convention of the Texas Bar association, convening at Houston Thursday for three days.

Chairman for nearly all the senatorial districts have been appointed. They are appointing county chairmen to work rallies.

Governor Dan Moody, after a rest from his Texas good will tour, is expected to stump the more populous counties soon for the amendments.

Representative J. W. Steveson of Victoria, author of the amendment to divide the tax sources of the state and seek out new sources of revenue for support of the state government, has given notice of a finished fight against opponents. He declared Sunday night that groups opposing the amendment "are emphasizing the fact that they are not now bearing their fair share of the burden of taxation" and that the "legislature may be expected to see it in that light." He pointed out that the legislature under the constitution as it is has power to "reach fellows dodging their just shares of taxes," through intangible, occupation, franchise and gross receipts taxes. The amendment would allow a wider application of the intangible tax.

CHINATOWN IN CHICAGO IS NET OF TUNNELS

Chicago, July 5.—Narcotic agents Tuesday told Henry C. Beiler, United States commissioner, of their discovery of a net work of tunnels connecting every building in a block in Chicago's Chinatown.

Moy Fong, in connection with whose arraignment, the story was told, was held under \$1,000 bond pending a hearing Friday.

The tunnels were uncovered in a raid on an alleged opium smoking resort in which bunks and smoking outfits were found. In searching for the expected prey, the tunnels were disclosed.

In one section of the tunnel, under a drug store, the agents found a wine press and five barrels of Chinese wine, which were turned over to the prohibition unit.

POLLARD OPENS DRIVE ON GAMBLING RESORTS

Austin, July 5.—An injunction based on complaints of wide-open gambling, and a search warrant was served on "Loma Linda" Fort Bend county resort, 12 miles from Houston, under direction of Attorney General Claude Pollard, who last week threatened State action against Fort Bend and Galveston county resorts unless officers "clean-up" he revealed here Tuesday.

No arrests were made, Attorney General Pollard said, adding that no actionable evidence was found. The injunction, issued by Judge M. S. Munson, of Angleton, is to restrain the resort from any semblance of gambling in the future, he added. Similar action will be taken against other alleged dens in the Fort Bend and Galveston county territory unless prompt action is forthcoming from local officers, the attorney general added.

He said he had information that "some of these places are worse than those in Mexico."

Assistant Attorney General D. A. Simmons and Galloway Calhoun went to Houston late Saturday after a lengthy conference with their chief, and Monday swore out complaints on which Judge Munson's injunction was based.

Loma Linda is 150 yards across the Fort Bend county line from Harris county, in which Houston is located.

Two other Attorneys General were absent from the capital Tuesday, but their whereabouts were not revealed.

Bridge Club

Tuesday evening Mrs. Penn Wolf was hostess to the bridge club at her home, which was in gala attire for the occasion. Amid a beautiful setting of bright colored zinnias arranged in floor baskets and vases three tables were outfitted for the players.

High score was won by Mrs. Edwin Bigbee, a beaded compact holder. Miss Lois Burnett received consolation, a dainty georgette handkerchief. The hostess served grape ice and cake.

Guests other than club members were: Mesdames Edwin Bigbee, Chas. Nabours, Bob Brown, Edgar George and Misses Lois and Mary Burnett and Dallis Young.

nati piloting a Waco plane was the first to land, coming down at 3:25 p. m. He was followed by Charles Meyers of Cincinnati in another Waco plane. The other ships all were landed safely inside of a half hour. The planes had left Norton field at Columbus at 2:43 p. m.

The flyers were welcomed by a committee from the Chamber of Commerce whose guests they were at a banquet at night.

The flyers made Dayton, Columbus, and Cincinnati on their jumps Tuesday, arriving at Dayton from Kalamazoo, Michigan, early in the morning. They will leave Cincinnati Wednesday for Louisville, Kentucky.

An air circus thrilled the spectators awaiting the arrival of the planes and nearly resulted in an accident for Russell Moore, parachute jumper. He took off from a plane 2,400 feet in the air and in descending went straight for Miami River. The crowd stood tense and silent as he swung loose to the water and gasps swept across the field as Moore was seen to loosen the straps of his harness in preparation for a dive into the river if necessary. A timely wind saved him and he landed safely on an island in the river.

AMERICAN LEGION IN CONVENTION AT HOUSTON

Houston, Tex., July 5.—The state American Legion, in convention here Tuesday morning, passed these resolutions:

To ask the government to throw G. C. Bergdoll, draft evader, in the federal penitentiary if he attempted to fly back to this country from Germany.

To ask the state legislature to let the people vote on the question of putting the names of World War veterans upon the list of honored citizens.

To ask the legislature to make May 30 a legal holiday for the decoration of the graves of all soldiers.

To ask the government to retire disabled emergency officers, there being great difference in the compensation between officers on disability retirement and regular retirement.

To ask Congress to re-establish foreign service credit toward the retirement of army men.

To ask the state legislature to make appropriations for the upkeep of state shrines, such as the Alamo.

Ninety-six per cent of the 54,318 rural mail routes have been motorized.

Sense of smell is worth \$800 according to a case in Paris where a cook was awarded this amount for the loss of the sense of smell when knocked down by a taxi.

Every bride in Mackenrode, Saxony, married in twelve months, with one exception, had the surname Mueller.
